FERRIS ELEMENTARY SCHOOL

COOPERATION AND COMMON LANGUAGE BUILDS INCLUSIVE FRIENDSHIPS AND COMMUNITIES

Jacqueline Chung & Tan Sze Wee are two leaders from Early Childhood Education and Social Services from Singapore. They have visited different countries' educational systems. This time they visited Canada to learn about their version of inclusive education in British Columbia. Why? Because Canada scores high in equity and performance in PISA and British Columbia has proven to be the leading province in inclusive education. In this story they are visiting Ferris Elementary School where everyone is welcome.
